

Our Team

Smart Medical has a team of highly educated, well trained pharmacists (RPh and/or PharmD) with decades of clinical experience. Our pharmacists are focused on helping patients achieve the highest quality of life through medication, counseling, education and adherence to the latest pharmacology standards.

Our Services

A Monthly Subscription that makes 600+ of the most common prescriptions... free to you. That means 93% of all scripts filled in the US will be free to you and receive deep discounts on many the rest. Start saving money on your medications now. Don't wait.
